

"I See You" Freebie Stitchery Pattern

i · c · u

Supplies:

- * Foundation of choice: *muslin, onsaburg, broadcloth, etc.*
- * Embroidery floss in varying colors.
- * Embroidery needle and scissors.
- * Six inch embroidery hoop (if you prefer to use a hoop).
- * Water soluble marking pen.

To transfer the pattern onto your foundation, place foundation over pattern sheet on a light box or sunny window and trace the image using your water soluble marker. *If you use overdyed floss for this project I would suggest rinsing and drying the floss first to avoid dye transfer when you rinse the marker lines from the foundation upon completion.*

Use any types of stitches you would like. The piece lends itself to the running stitch, satin stitch, seed stitch, french knots, whipped back stitch and so on and so forth.

An EXCELLENT source of information for any stitch known to the human race is **Sharon B's Dictionary of Stitches** at <http://inaminuteago.com/stitchindex.html>
